If you are detail-oriented, have great hand-eye coordination and like being with people, sonography may be the perfect career for you. The Ultrasound Technician Program at Central Coast College (CCC) is a great place to begin and you can complete our full-time program in less than two years. We will prepare you to be part of a profession with high potential and growth. CCC students can enter the job market successfully with a program involving classroom theory, lab procedures and externship.

Total Program Length: 84 Weeks for Morning/Afternoon classes
99 Weeks for Evening classes

Semester Credit Hours: 86.66 | Alternate Financial Aid Credits: 58

Total Clock Hours: 2,180 (classroom: 1,220 / clinical externship: 960)

Career Highlights & Opportunity

As an Ultrasound Technician, you will use special equipment to direct high frequency sound waves into a patient's body. The technical term for ultrasound is "sonography." Ultrasound is painless and harmless with no radiation. Best of all, studies have not revealed any adverse effects. Sonographers can specialize in one or more areas including Vascular Technology, Obstetric and Gynecologic, Echocardiography, breast and abdominal.

According to the Bureau of Labor Statistics*, overall employment of diagnostic medical sonographers and cardiovascular technologists and technicians is projected to grow 11 percent from 2023 to 2033, much faster than the average for all occupations.
